

Declaration of compliance with China RoHS – Components

PCB Terminal Block – RP02504HBWC – 31107104

We herewith declare that this product is compliant with the Chinese marking requirements defined in the “Management Methods for the Restriction of the Use of Hazardous Substances in Electrical and Electronic Products” (Order No. 32 of the MITT, etc.).

This product can be recycled and used safely during the Environmentally Friendly Use Period (EFUP) of 50 years.

This product will be sold as a component for manufacturing only. According to the Electronic Industry Standard SJ/T11364-2014 it need not to be marked with Environmentally Friendly Use Period (EFUP) label.

After its Environmentally Friendly Use Period has expired this product should be recycled because it may contain substances as shown in the following table:

Part Name	Hazardous Substance					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr(VI))	Polybrominated Biphenyls (PBB)	Polybrominated Diphenyl Ethers (PBDE)
Machined Parts of Connectors	X	O	O	O	O	O

This table is prepared in accordance with the provisions of SJ/T 11364.
 O: Indicates that said hazardous substance contained in all of the homogeneous materials for this part is below the limit requirement of GB/T 26572
 X: Indicates that said hazardous substance contained in at least one of the homogeneous materials used for this part is above the limit requirement of GB/T 26572
 The table shows where these substances may be found in this Electrical and Electronic Product.

The information on substances corresponds to our present knowledge as well as the status of legislation mentioned in this declaration on the date of issue. The information is based on the statements and indications of our suppliers and service providers.
